

## Sparflex Premium Foils

Produced in the Champagne region of France, Sparflex utilizes cutting edge industrial equipment, dynamic research and development, and constant quality control to develop high quality Foils that make a clear statement of luxury.

The Premium Foil from Sparflex is made of poly-laminate that combines two flexible materials, this foil has a dimensional adapted to different types of bottles; and several shapes of cut-outs enrich this range. These foils protect your products by making the packaging tamper-proof.
