

# Natura™

Our Natura™ wash preserves the look and feel of the cork in its purest sense. Natura corks are washed using an innovative natural process that reduces the number of microorganisms on the corkwood – resulting in clean, pure, premium natural corks.

## Key Features and Benefits

- 100% natural, renewable, recyclable, and biodegradable
- Natural cork appearance
- Superior sensory characteristics
- The Innocork Advantage
- Minimal cork dust

## Technical Specifications

Diameter	24.0mm
Lengths	38 mm, 45 mm, 49 mm, 54 mm, 60 mm
Density	150.0 ± 75.0 kg/m <sup>3</sup>
Extraction Force	225 ± 100 Newtons
TCA	≤ 1.5 ng/L in 50 cork bulk soaks

### The INNOCORK® Advantage

Our patented Innocork extraction procedure uses steam and ethyl alcohol to volatilize potential TCA and other off-aromas from our natural corks

## Cleaning Process

- Washed in a mild solution of hydrogen peroxide (25%)
- Rinsed thoroughly in purified water
- A citric acid solution is used to remove any residual oxidants
- Carefully dried to stabilize moisture to discourage microbial growth and ensure optimum sealing performance
