

Sparkling Wine Corks

Cork Supply is a leading global distributor of premium sparkling wine closures, offering unparalleled quality control, advanced scientific and technological R&D, and continuous innovation to satisfy a dynamic marketplace and the demands of today's consumer.

Key Features and Benefits

- 100% natural, renewable, recyclable, and biodegradable
- Cork Supply works directly with the best sparkling wine cork suppliers in Portugal and Spain to ensure top quality materials and superior production techniques
- Careful selection and screening of raw components
- Uniform particle distribution for superior cork recovery and gas retention performance
- Unrivalled quality, performance and consistency

Technical Specifications

Diameter	3-8 ± 0.3 mm
Chamfer Length	5.7 ± 0.5 mm and 45 ± 7°
Disc Thickness	11 ± 1 mm
Weight	8-10 g/closure
Moisture	≤ .001 g/closure
Relative Disc Humidity	4-10 %/closure
Relative Agglomerated Body Humidity	4-8 %/closure
Torsion Strength	> 28 kg
Tension Strength	> 7.5 daNXcm ²
